

## Matereality Introduces NEW Material Supplier Badge Collection

Add state of the art material data tools  
to your website.

### FREE TRAINING WEBINAR:

Tuesday, January 25th, 2011  
10-10:30 am

**REGISTER NOW**

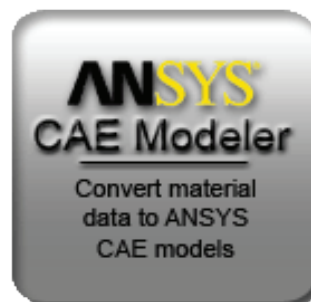

Host: Paul Klinger

Keep customers and prospects on your website with high-tech gadgets  
that your guests will love.

#### **MATERIAL DATABASE**

Go Beyond Datasheets!  
Deploy a fully functional  
material database from your  
own website. One click to all  
the data.

#### **CAE MODELER**

Create material models for  
the latest CAE software  
from your raw material  
data. Perfect for technical  
services teams.

#### **MATERIAL SELECTOR**

A customizable selection tool to  
help your guests find the right  
materials and properties for  
their product development.

Drive traffic to your site!  
Deploy state of the art engineering tools.  
Help designers and engineers select your materials.
